

Introducing Windy City Frames by GP Albums

Windy City Frames by GP Albums are here!

These solid wood frames are available a la carte or with mats, foam board and .030 plexi. We use Crescent Select™ mats for all of our mat configurations. All frames are assembled here in Chicago.

We tried to keep it simple by offering the most popular sizes, colors and mat configurations in three distinct styles. Order frames alone or with your album order - whichever you prefer.

Sizes available are 8x10, 11x14, 16x20, 16x16 and 9x19. See reverse side for mat configurations and pricing. We hope that you will be as excited about our new frames as we are!

Frame and mat corner samples are available. Call GP Albums for more information at 1-800-888-1934 or e-mail cs@gpalbums.com.
